

# FLAG POLE Program

*Thanks to our many friends at Harvest Years Senior Center , Representative Lyndon Yearick, DelDot and the surrounding community, who have supported our mission to install three new flag poles on the corner entrance, at New Burton Road, to the*  
**POW/MIA MEMORIAL PARKWAY.**

*We have been given the permission to go forth with the project!!*

*The timeline will bring us into early Spring. We will be installing the flag poles and they will proudly display the **American Flag**, the **POW/MIA FLAG**, and the **Delaware State Flag**. You will begin to see, by early this Fall, how the area will be cleaned up and beautified with flowers and mulch in anticipation of the new flag poles installation this Spring.*

*We ask that you continue to support us on this project with your kind donations.*

**ThankYou, God BlessYou and God Bless America**
