# Happy New Year!

From Your  
Executive Director,  
Tom Bones

Notes From Your  
Activities Director, Diane Amoroso

Happy New Year! As we begin 2025 together, I want to thank all the members and friends of The Harvest Years that have given generous donations to our Annual Giving Campaign. It was a huge success and I thank you! If you have not had the opportunity to donate, and would like to, please forward it to our center.

The upcoming winter season is an excellent time for you to take advantage of our Transportation Services. We have both our Shopping Program and our Health Care Program available to all members. In addition, we also have transportation to and from the center daily so that you can enjoy lunch and/or an activity that we have planned. Please call the front desk to arrange any of these driving services.

Please keep in mind that during the upcoming harsh winter weather The Harvest Years follows Caesar Rodney School District for weather related closings. If CR schools are closed for inclement weather, the center will be closed as well. This means that there will be no classes or programs and no lunch will be served or delivered. We will also try to broadcast any closings on WBOC News. Please tune in or check their website.

Mark your calendars: *The Harvest Years Soup Festival* will be held on Friday, February 7, 2025 at 11:30 AM. Everyone loves hot homemade soup on a cold winter day! Please give us a call or sign up at the reception desk if you can be a part of the behind-the-scenes preparation of soup to be shared. What is your specialty? Could you make a pot for all to taste and enjoy? Also join us for our *First Bake Sale Day on Friday, February 14th*; more information on the flyer in our newsletter or call us at 302 698-4285.

Your Harvest Years Membership Dues were due by December 31st, 2024 for the upcoming year. The cost was only 23.00 per person. It is also a great time to be thinking about enrolling in a lifetime membership for \$150.00. By enrolling in the lifetime membership, you will always be current and will not have to worry about the yearly fee ever again.

Unfortunately, beginning on February 1, 2025, if your dues are not paid, they will increase to **\$25.00 per person**. Due to rising costs of labor, utilities and insurance this will become a necessity.

If you know of any other seniors who are not currently members, please introduce us to them! We would be happy to sign them up!

*On behalf of myself, our employees, and our Board of Directors, we wish you a Very Happy New Year. May health, wealth and happiness be yours in '25. I look forward to good things in 2025.*

## Happy New Year

I sincerely hope everyone had a  
Happy & Joyous Holiday Season.

Our trip meeting, held on November 15th was productive. Many ideas were discussed and I am in the process of trying to establish some of the trips that were discussed. Several will be on hold until early Spring when all the new calendars will become available and I can then schedule the selected trips.

One trip that I was able to look into was to **Wallops Island in Virginia**. We went on this trip several years ago as my "Mystery Trip" and we had a fabulous time. But, unfortunately things have changed quite a bit since the pandemic.

The rules and regulations are very much the same but at this time we are only permitted to bring 20 people (including the driver) on a tour. That eliminates hiring a tour bus and at this time we only have a small bus for 9 passengers. This trip is too long of a drive on a small bus. If we should get another 16 passenger bus (which we used on our first trip) we **may** consider the trip at that time.

*Hopefully I will have more on trips next month.*

## **Winter Weather Alert Winter is here!!!**

**Winter is here** and the winter weather will be with us for at least 3 more months, so please be sure to listen to your radio (WDSB or Eagle 97) or check *WBOC* stations or websites to be certain the Center is open, if inclement weather hits through March. You may also call the Center at (302) 698-4285 before you head out. If we are closed there will be a message posted on the phone service. We will also post notices on the ***HYSC Facebook*** page. If you haven't "liked" our page yet, be sure to do so.

**Rule of Thumb:** If ***Caesar Rodney Schools*** are closed that means we will be closed also.

**First of all, Happy New Year. I hope the new year brings you all of the joy and happiness you can handle.**

Did You Know....? Continuing on with the theme of groups that impact our County, the Dover Kent Metropolitan Planning Organization is one of the most important in future planning for moving around our County. The Vision of the MPO is "The future transportation system in the Dover/Kent County Metropolitan region is safe, resilient, and sustainable, supports economic development, allows easy access and mobility for all people and goods to reach their destinations, and serves desired growth patterns in a manner that is fair and just to all people and respectful of community character and our natural environment." The MPO does this through meeting with most municipal governments, surveys of local leaders and elected officials, and many public engagement opportunities.

The Dover Kent MPO is made up of four subgroups: The Council, which consists of members appointed by State and local governments or members by virtue of their own rules; The Public Advisory Committee, which consists of members of the general public, also appointed by local government; The Technical Advisory Committee, which consists of professional members of Planning organizations throughout Kent County; And finally, and probably the most important of these groups, the staff of the Dover Kent MPO.

The MPO is mandated and mostly funded by the federal government through the Federal Aid Highway Act of 1962. They are an advisory organization that encourages collaboration among local governments, residents, and other interested parties. Much of the transportation funding that flows from the federal government to state and local governments is channeled through the MPO. There are more than 400 MPO's in the United States.

We all know that traffic impacts our lives on a daily basis. A bad commute to work, shopping, or a doctor's visit through heavy traffic can set the tone for the day. Well, your Dover Kent MPO is looking at that and planning improvements for the next 25 years. The MPO just completed more than a year's worth of meetings with government officials, public outreach, and presentations to share Innovations 2050, the Metropolitan Transportation Plan for the next 25 years. Updated every four years, this year the plan has themes that address Enhanced Mobility, Inter-Jurisdictional Coordination, Economic Vitality, Social Equity, Resilience & Sustainability, and improving User Experience on all modes of transportation. If you missed any of the many meetings that were held, you can go online to <https://doverkentmpo.delaware.gov> and view the videos or read the MTP for yourself. It is extremely interesting if you are concerned about traffic and growth in our County.

And the MPO isn't just about cars. The MPO is also looking at truck traffic and parking, light cargo and passenger rail, bicycle and pedestrian traffic.

On the MPO's website, you can also sign-up for the newsletter, get some questions answered, and find out when the next public meetings are to engage with one of the most critical groups in our County. I encourage you to check it out.
