Passover

2024

How to Celebrate Passover

Passover is celebrated by Jews every year, commemorating the anniversary of our miraculous Exodus from Egyptian slavery.

On the first two nights of Passover (just the first night in Israel), we hold a Seder. After candles have been lit, we enjoy a ritual-rich 15-step feast, which centers around telling the story of the Exodus. Some highlights include: Drinking four cups of wine, dipping veggies into saltwater, children kicking off the storytelling by asking the Four Questions (Mah Nishtanah), eating matzah (a cracker-like food, which reminds us that when our ancestors left Egypt they had no time to allow their bread to rise) and bitter herbs, and singing late into the night.

Beginning on the evening preceding 15 Nissan, Passover lasts for 8 days in the Diaspora and 7 days in Israel (here's why).

On Passover, Jews may not own or consume chametz, anything containing grain that has risen. This includes virtually all breads, pastas, cakes and cookies. Prior to the holiday, homes are thoroughly cleaned for Passover, kitchens are purged (here's how to kosher the kitchen), and the remaining chametz is burned or sold.

Following the intermediate days, when work restrictions are somewhat relaxed but chametz remains forbidden, we celebrate the final two days of Passover (just one day in Israel), during which we look forward to the future redemption through Moshiach (Messiah).

Passover is important to Jews, as it celebrates our birth as a nation.

From Your
Executive Director
Tom Bones

Spring has sprung for 2024! Our clocks have moved forward and we now have more daylight to enjoy. We are all looking forward to some sunny warm days to spend outside with the flowers and trees beginning to bloom. Put a little spring in your step and join us here at The Harvest Years!

The AARP Tax Service Program will continue through Thursday, April 11th, here at the center. Deadline for this year's taxes is Monday, April 15th. We also have an in-person AARP Driver Safety class scheduled for Monday, April 29th from 9 am – 1 pm. Please give us a call to reserve your spot for this class.

April brings our annual spring clean-up for the grounds surrounding the center and our at the POW/Mia Parkway flag site. We will be working outside over the next few weeks to spruce things up. This season our community garden boxes, and water fountain will be opened up and maintained under Bill Burke's leadership. We are still looking for volunteers to join his team and keep our garden growing all spring and summer. Come on out and get your green thumb even greener.

On Thursday, April 18th at 1 pm, we will have a re-dedication ceremony and celebrate 47 years of the Harvest Years! "Seniors helping Seniors". Please stop by and celebrate with us, and what the next steps hold for the future of The Harvest Years. We will have light refreshments, cake, and prizes. We couldn't have come this far without the support of our members. Thank you!

Lastly, please add these important Harvest Year event dates to your calendars. Our upcoming events and fundraisers include... Our Spring Picnic is on Friday, May 17th. On Friday, May 10th we will host our semi-annual Spaghetti Dinner Fundraiser. Tickets for this event are \$12.00 per dinner. In-house seating, starting at 4pm is available by reservation, and curbside pickup will be ready beginning at 3pm. Join us for this delicious dinner. You may call for reservations now. Saturday, June 1st, is our Spring Yard Sale. If you are able to volunteer, in any way for any of these events, please let us know. Simply call our front desk and we will sign you up.

Stay safe and enjoy the Spring sunshine. I hope to see you all soon!

Notes From Your
Activities Director
Diane Amoroso

APRIL 1st

April Fools' Day - occurring on April 1st each year—has been celebrated for several centuries by different cultures, though its exact origins remain a mystery. April Fools' Day traditions include playing hoaxes or practical jokes on others, often yelling "April Fools!" at the end to clue in the subject of the April Fools' Day prank. While its exact history is shrouded in mystery, the embrace of April Fools' Day jokes by the media and major brands has ensured the unofficial holiday's long life.

April Fools' Day Pranks

In modern times, people have gone to great lengths to create elaborate April Fools' Day hoaxes. Newspapers, radio and TV stations and websites have participated in the April 1st tradition of reporting outrageous fictional claims that have fooled their audiences.

In 1957, the BBC reported that Swiss farmers were experiencing a record spaghetti crop and showed footage of people harvesting noodles from trees. In 1985, *Sports Illustrated* writer George Plimpton tricked many readers when he ran a made-up article about a rookie pitcher named Sidd Finch who could throw a fastball over 168 miles per hour.

For the average trickster, there is always the classic April Fools' Day prank of covering the toilet with plastic wrap or swapping the contents of sugar and salt containers.

What's up your sleeve to fool your friends and family members?? Have fun, but please play safe and enjoy all the fun!!!

2024 Solar Eclipse

April 2024 will bring something exciting for skywatchers A - Total Solar Eclipse

On Monday, April 8, a total solar eclipse will cross North America, passing over Mexico, the United States, and Canada. The eclipse will begin over the South Pacific Ocean. Weather permitting, the first location in continental North America that will experience totality is Mexico's Pacific coast at around 11:07 a.m. PDT.

According to the Washington Post, the upcoming total solar eclipse coincides with a period when the sun will be particularly active. The active sun will look very spiky, like a "very irritated little hedgehog," solar physicist Scott McIntosh told the newspaper.

Scientists say the sun is approaching its maximum activity of its cycle this year, meaning it will be sending off more solar flares and eruptions from its surface — potentially making this year's total solar eclipse much more dynamic.

The 2024 eclipse path will also pass over more cities and densely populated areas. An estimated 31.6 million people live in the path of totality this year, compared to 12 million in 2017. An additional 150 million people live within 200 miles of the path of totality.

Be sure to mark your calendars for this spectacular event.
