DIRECTOR'S REPORT SEPTEMBER 2025

Happy September from your Board of Directors. It is had to believe we are heading into Fall although we are sure all of you are looking forward to a break from what has been a long, hot Sumer.

After months of planning, we are finally near the start of the repairs and repainting of the great room. We will keep you informed as to any impact this may have on services and activities at the center. When this is all completed we will replace the chairs in the room and install a shuffleboard table. We are also about to repaint the four bathrooms in our facility. We can do this two at a time so as not to inconvenience any one using the center.

You may have noticed that recently the flags flying on the POW/MIA Memorial Parkway have been removed. One of the poles had become loose and we needed to repair that situation. There is still another issue with a broken hook at the top of one of the poles and we are currently working on fixing that problem. Once completed, we will hang a new set of flags.

We are sure you are aware that there is a great deal of road construction going on around the center as the State works towards finalizing the Camden By-Pass Project. We are told that this should not interfere with our ability to provide the services and activities you have come to expect at Harvest Years Senior Center.

We are pleased with the response we have seen from our newest activity, Tai Chi. Check the monthly newsletter for details on this as well as other programs and upcoming trips.

As always, we will see you around the center, especially at our Annual Fall Picnic on Friday, September 12th.

SEPTEMBER 2025 REPORT

GEORGE "JODY" SWEENEY, KENT COUNTY LEVY COURT COMMISSIONER, 5th DISTRICT

Fall, 2025 is here! There is so much going on in Kent County, good and bad. Let's get the bad out of the way first.

There is a lot of construction either winding up or winding down. This construction impacts traffic flows by rerouting traffic down roads not normally used to seeing the flow, through subdivisions or small towns. Please be aware of these new traffic patterns where kids may be playing, buses are picking up or dropping students, and other drivers may not be aware of the patterns.

Just to name a few of the really big ones:

The Dover-Kenton Rd is probably closed by the time you read this. Traffic is formally being rerouted via College Rd to McKee Rd/Saulsbury Rd/Scarborough Rd. I would offer an alternative to use Chestnut Grove Rd to Rt 8, or to Sharon Hills Rd to head back into Dover or points south. This construction is tentatively scheduled to be completed in the summer of 2026.

The East and West Camden Bypasses are by far the biggest construction projects in Kent County since Rt 1 was finished. So far, the only closing has been Rising Sun Rd at the intersection with Rt 10/Lebanon Rd. This has forced the traffic flow through S. Old Mill Rd, a very established subdivision and my old stomping grounds. S. Old Mill Rd has no sidewalks to speak of, and walkers, bike riders, and kids playing in yards are rampant. Please slow down, give yourself time to navigate the new route. The connector roads from the traffic light and the Camden Wawa and from the traffic light at Redners are nearly done. Construction will soon begin on the large circle to connect the connector roads to Rising Sun Rd, Rt 10/Lebanon Rd, and the connector to the Camden light at the Dawson Bus Yard. When these are done, construction will begin on the west side of Rt 13 for the connection from the traffic light at Wawa to Rt 10/Willow Grove Rd heading out of the town of Wyoming.

Other projects with impactful traffic rerouting or lane closures are also occurring around Walnut Shade Rd, Irish Hill Road/Peach Tree Run, and the increase of Rt 13 from four to six lanes. Those projects are still in the design phases and start dates are still To Be Determined.

Needless to say, DelDOT is spending a lot of taxpayer dollars in Kent County for these projects. We will all feel the pain for the next ten years, but the end goal will be worth it with improved traffic patterns and flow.

The one area that most homeowners and travelers are begging for changes is the State Street corridor from Rt 13 at Dover Pool to Magnolia. That area is seeing extreme growth in residential, will see increased traffic due to the construction detailed above, and no current plans to improve. All I can ask and advise is that you be aware of the construction rerouting and delays, and plan accordingly.

I hope you all had a great summer.

Tall goldenrod is turning amber in the warming *Autumn* sun; Stray morning glories play hide and seek
The last *Summer* fun.

The welcome hummers all have left. The feeder stands forlorn; No tiny, fluttering wings and chirps to fill a *Summer* morn.

Scattered, glowing dandelions still wander on the lawn; Fewer birds are up and singing welcoming the dawn.

The feel of *Fall* is all about on a day that's crisp and clear;

And time is quickly moving on when old man Winter will be here.
